Bible Time

Talk About It

What is your favorite thing that God created?

Live It

The Bible is full of references to God's beautiful creation — even beyond the book of Genesis. Divide your family into teams, and see who can find the most references to trees, animals, landscapes, etc. in 10 minutes. You might be surprised at what you find!

Pray About It

Thank you, God, for all things that are beautiful and good. (Take a moment of silence to look around and point silently to beauty that is right around you.) Help us to care for all you have made. AMEN.
