

## At Home

October 11, 2009

Art

### Talk About It

Share a memory of a time when God made something good out of something bad in your lives

### Live It

Joseph decided to walk with God in good times and bad. Trace each family member's foot onto construction paper and cut out. Write on each footprint: God walks with me. Tape your footprints in a place you see every day to remind you that God is there.

### Pray About It

Open our eyes, O God, so that we might see your good work in all things. AMEN.
